COMIC BOOK AND RECORD SET
GR24 / NUX-EP01

ALTERNATE VERSION: SECOND PRESSING

The second pressing of the "It's In The Pillcase" 7 and Comic Book Set replaced the metallic silver field printed across the front and back covers with one printed in blue pantone ink. It also included a different inside front cover (highlighting the band's early promotional photos) and the first pressing's large hole 7" was replaced with a small hole single (and different color labels). Both pressings have an erroneous SKIN GRAFT catalog number printed on the labels: 'GR-23'. It has been digitally removed for this edition.
